Prices in USD. Prices exclude sales tax. GST, VAT or the equivalent tax for your region is added at checkout, based on your billing address.

The 3PM AI Ecosystem: one platform behind every product

Every 3PM product runs on one connected, AI-powered platform for construction. Information is entered once and flows to every team and tool that needs it: governed, auditable, and ready for AI.

1. **One identity: 3PM Auth**
   A single secure login across the entire suite, with field-level permissions. Every app, user and AI assistant sees only what it should.
2. **One source of truth: 3PM Lattice**
   A shared data graph connects clients, projects, sites, assets and invoices across all apps, with no duplication and no versions drifting apart.
3. **Agentic AI: 3PM MCP Layer**
   AI agents work through a governed access layer to draft quotes, chase invoices and source materials, with human approval on every action.
